Chambers County Landfill
MSW Permit No. 1502
Request for Permit Modification No. 31
Addition of Leachate Recirculation
RN101663565, CN600769798
Tracking No. 12915862

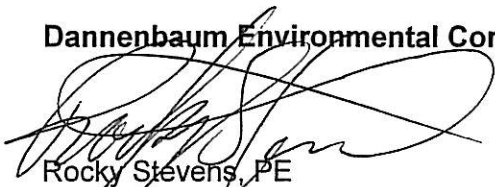

Dear Mr. Pearson:

On behalf of Chambers County, Dannenbaum Environmental Corporation is requesting an extension of time to respond to your letter dated January 14, 2010. The data required for the HELP model is the major delay. The extension being requested is for two to three weeks to complete the requested data input for the model and obtain the results of the model for inclusion with the response. Your favorable consideration will be appreciated.

If we may be of any assistance or there are questions concerning this delay, please do not hesitate to contact me at 713-527-6461 in Houston.

Sincerely,

Dannenbaum Environmental Corporation

Rocky Stevens, PE
Senior Project Manager
