AFFIDAVIT TO THE PUBLIC

THE COUNTY OF CHAMBERS
STATE OF TEXAS

Before me, the undersigned authority, on this day personally appeared

PRINTED NAME OF HOMEOWNER/REPRESENTATIVE

CURRENT MAILING ADDRESS

Who, after being by me duly sworn, upon oath states that he/she is the owner of record of that certain tract of parcel of land lying and being situated in Chambers County, Texas and being more particularly described as follows:

Legal description of property: _____

The undersigned further states that an on-site sewage facility (OSSF) will be installed in accordance with the permitting provisions of Chambers County. The undersigned has entered into a maintenance agreement, as required by 30 Texas Administrative Code (TAC) §285.7, with an approved maintenance company for services and repairs to the OSSF.

Furthermore, the undersigned states that he/she will, upon any sale or transfer of the above-described property, request a transfer of the permit to operate such OSSF to the buyer or transferee. Any buyer or transferee is hereby notified that a maintenance contract with an approved maintenance company will be required for use of the system. For information concerning the rules or regulations of an OSSF, please contact the Texas Commission on Environmental Quality Region 12, 5425 Polk Ave, Ste #H, Houston, TX 77023-1486.

AFFIDAVIT TO THE PUBLIC

THE COUNTY OF CHAMBERS
STATE OF TEXAS

CERTIFICATION OF OSSF LOCATED ON TWO OR MORE TRACTS OF LAND

According to Texas Commission on environmental Quality Rules for On-Site Sewage Facilities, this document is filed in the deed records of _____ county, Texas.

I
The Texas Health and Safety code, Chapter 366 authorizes the Texas Commission on environmental Quality (TCEQ) to regulate on-site sewage facilities (OSSFs). Additionally, the Texas Water Code (TWC), § 5.012 and §5.013, gives the TCEQ primary responsibility for implementing the laws of the State of Texas relating to water and adopting rules necessary to carry out its powers and duties under the TWC. The TCEQ, under the authority of TWC and the Texas Health and Safety Code, requires owner's to provide notice to the public that certain types of OSSFs are located on specific pieces of property. To achieve this notice, the TCEQ requires a deed recording. Additionally, the owner must provide proof of the recording to the OSSF Permitting Authority. This deed certification is not a representation or warranty by the TCEQ of the suitability of this OSSF, nor does it constitute any guarantee by the TCEQ that the appropriate OSSF was installed.

II
An OSSF meeting the requirements of 30 Texas Administrative Code §285 will be installed on the property described as: **Legal description of property:** _____

This property is owned by: _____
(Owner's Full Name/Homeowner Representative's Full Name)

This OSSF is located on two or more separate legal tracts of land and the tracts cannot be sold separately. This document must be recorded with each tract's property deed affected by the OSSF.

The owner will, upon any sale or transfer of the above-described property, request a transfer of the permit for the OSSF to the buyer or new owner. A copy of the planning materials for the OSSF can be obtained from Chambers County Environmental Health and Permitting. For information concerning the rules or regulations of on-site sewage facilities, please contact the Texas Commission on Environmental Quality Region 12, 5425 Polk Ave, Ste #H, Houston, TX 77023-1486.
