FOR IMMEDIATE RELEASE

Due to the increase number of Flu Cases throughout the State, Region, and in Chambers County, we will begin offering **FREE Flu Vaccinations** today at the **Chambers County Health Department** in Anahuac (102 Airport Rd). We urge those who have not been vaccinated, especially those that are young, elderly, or who have chronic health conditions, to get vaccinated.

Other important reminders:

- Good handwashing!
- Stay home if you are sick! You should not return to work or school until you are FEVER FREE for 24 hours without using fever reducing medications (such as Tylenol or Ibuprofen).
- We are actively monitoring the number of flu cases in Chambers County. The CDC does report that this is the worst flu outbreak in 8 years. There are many flu related deaths so far this year, with at least 30 pediatric deaths.
