In support of the President's guidelines, "15 days to Slow the Spread", the Chambers County Public Health Department recommends that Chambers County residents:

- Avoid social gatherings of more than 10 people.
- If you are sick, STAY HOME, contact your Primary Care Provider, and avoid going to the ER if you do not need EMERGENT CARE.
- Exercise proper hand-washing techniques

At this time, these actions are necessary to protect the public and prevent the spread of COVID-19. Currently no cases of COVID-19 have been confirmed in Chambers County. We know this guidance may be inconvenient for many, but is necessary during this very serious situation. Should a case occur within Chambers County, protective actions and recommendations may change.

**We understand these are trying times and it is very stressful for everyone. However, if the community continues to work as a TEAM and follows Public Health Guidelines, WE WILL get through the COVID-19 disaster together.**
